# The RED LINE EZ50 - the powder gun for all coaters ... ... just got better - much better

## The RED LINE EZ50 (2016)

- ∅ A DIY / part-time coater who wants professional looking finishes
- ∅ A first time coater with a minimal budget and wants high quality results
- ∅ A professional coater who simply wants a low-cost standby powder gun
- ∅ An industrial coater who requires a high performance powder cup-gun for sampling or odd jobs

The Red Line EZ50 is an all-inclusive powder coating gun for all coaters

### ***Check out these features of the all-new Red Line EZ50 (2016) ...***

No control panel, no hopper and no interconnecting cables, wires or tubes - truly portable.

An industrial grade 50kV high voltage generator (infinitely variable from on the gun itself) for unparalleled powder charging - no need to compromise with lower inefficient charging voltages.

**ForceFeed** Technology for high volume uniform and consistent powder flow - comparable to some higher-end machines - adjustable with a flow controller on the gun itself. No more shake-and-spray!

A light-weight and perfectly balanced hand-held gun made from tough plastic for user-ease and comfort.

An unmatched range of powder flow pattern generators - 12 mm, 15 mm and 20 mm and a special star-jet nozzle, inter-changeable at will - within seconds.

The power adapter that plugs into your wall socket and a separate ground cable with a large crocodile clip.

Extra cups are available for storing different powders.

***Thousands of RED LINE EZ Series powder cup-guns have been in use in more than 50 countries worldwide***
